CERTIFICATIONS

- A Complete Guide to User Experience Design issued by Alison
- The Complete Guide to UI/UX Wireframing issued by Alison
- Salesforce Platform Certifications issued by SmartInternz

PROJECTS

- **A Cinema Booking App Design**

A cinema booking app design featuring a user-friendly interface allows users to reserve seats for movies, view showtimes, and obtain digital tickets seamlessly using Figma

- **A Music Player Design**

A fictional music streaming company providing an add-free platform with millions of songs. It converts visitors into signups for the ad-free platform

- **ClosetPop- An Outfit Generator**

A dynamic outfit generator built in Figma, featuring a model and customizable outfit options. Designed to help users visualize and experiment with styles, making it easy to find the perfect fit
